Dear [REDACTED]

document part of classified
grated file. [REDACTED] required
prior to individual classification action.

Please refer to [REDACTED] letter to [REDACTED] dated
16 November 1950.

The explanation of the signals snarl is quite understandable
and I think you both acted with promptness and direction.

I have asked [REDACTED] at the [REDACTED] if he can
absorb [REDACTED] into his T/O and if he desires [REDACTED] qualifi-
cations. If he answers in the affirmative you will be asked to
have [REDACTED] fill out a [REDACTED] application blank
(being mailed to you) which should be sent to [REDACTED]. This is
necessary to secure clearance for [REDACTED] to enter [REDACTED]. I
will keep you advised.

I am pleased to hear of the close and cordial relations
established between you and AACCS. This type of liaison can prove
most valuable.

It is still too early to make any firm commitments regarding
the assignment of personnel to or within the Far East; however, I
will bear [REDACTED] desires in mind.

I believe all the other points in Henry's letter have been
resolved by now.

Best wishes to all the [REDACTED] staff for a happy and
prosperous New Year.

Sincerely,
